

Sinclair
Broadcasting is
acting in an
outrageously
undemocratic manner
by forcing their
stations to air a
advertisement for
the Bush
Administration.

The FCC is supposed
to be a watchdog for
this kind of abuse
of public airwaves.
If you don't do
something to prevent
this, you are guilty
of endangering our
democracy - the
ideal that we are
trying to encourage
the rest of the
world to adopt.
